### EDITORIAL BOARD

Md. Ainul Islam

S. Twareque Ali

Saleh Tanveer

H T Rathod

Amulya Chandra Mandal

Muhammad Nurul Islam

Amal Krishna Halder

M. Zillur Rahman

Anwarul Haq Sharif

Abul Kalam Azad

Michael J Winckler

Md. Mahmud Alam

Elias Uddin Biswas

Md. Shafiqul Islam

**Associate Editor**

**Md. Manirul Alam Sarker**

**Executive Editor**

**Md. Abdus Sattar**

### **Editorial Office**

*Department of Mathematics*

*University of Dhaka*

*Dhaka-1000*

*Bangladesh*

GANIT is published in each year by the  
**BANGLADESH MATHEMATICAL SOCIETY**

The copyright of **GANIT Journal of Bangladesh Mathematical Society** is reserved by  
**Bangladesh Mathematical Society (web: <http://bdmathsociety.org/>)**

## ACKNOWLEDGEMENT

A generous contribution of the Ministry of Science and Information and  
Communication Technology  
Government of the People's Republic of Bangladesh  
towards the publication of **GANIT**  
**Journal of Bangladesh Mathematical Society**  
is gratefully acknowledged.

- Publication Date (Volume 31) February 2012
- Price per volume including surface postage

Institution	:	Inland Tk.	400.00	Foreign	US \$ 50.00
Individuals	:	Inland Tk.	200.00	Foreign	US \$ 30.00
- Payment must accompany orders. Please add US \$ 10.00 for air mail delivery to Burma, India, Nepal, Pakistan and Srilanka, and US \$ 20.00 for air mail delivery to other parts of the world.
- **Address for all orders and enquiries**

The Secretary, Bangladesh Mathematical Society,  
Department of Mathematics, University of Dhaka,  
Dhaka-1000, Bangladesh.
- **Computer typesetting and printing**

BCS Printing  
Rafin Plaza (2<sup>nd</sup> Floor), 3/B Mirpur Road, Dhaka-1205  
Phone: 01710880728

## NOTES FOR CONTRIBUTORS

- **GANIT** *Journal of the Bangladesh Mathematical Society* features selected contributions of pure and applied mathematics. The emphasis will be on the original research papers, but from time to time GANIT will publish expository papers or survey articles. All contributions are to be rigorous in nature and mathematical in treatment and should be written in English.
- **Manuscripts** should be submitted in **duplicate** to Associate Editor Dr. Md. Manirul Alam Sarker, Professor, Department of Mathematics, BUET, Dhaka-1000, Bangladesh. Authors submitting a manuscript do so on the understanding that it has not been published or submitted for publication elsewhere. They will be informed within six months from the date of receiving the manuscript whether the article is accepted for publication in GANIT.
- **Manuscripts** should be typed double spaced on one side of 8.5" × 11" inch or A4 size with one inch margin all around. Manuscript should be submitted in MS-WORD in RTF along with two hard copies.
- All pages of the manuscript should be numbered. Page 1 should contain the article title, author and co-author names and affiliation(s). Any footnotes to the author(s) are to be placed at the bottom of page 1; page 2 should have a proposed running head (in abbreviated form of the title) of less than 40 characters.
- An **abstract** summarizing the main points of the article should be written on page 3 of the manuscript in font size 9. The abstract should not exceed 250 words.
- **Mathematical expressions** should be avoided in the title and abstract as far as practicable.
- References should be avoided in abstract.
- Footnotes in the text should be avoided. If they are essential, they should be numbered consecutively by superscript and placed at the end of the paper, before the list of references.
- All mathematical expressions should be typewritten, if possible. Equations should be numbered serially or section-wise and indicated in the right margin.
- Use of **Greek letters** as superscripts and subscripts should be avoided. Levels of subscripts and superscripts should be clearly maintained.
- Complicated fractions in the text should be written using solidus (/) or negative exponents.
- $e^{( )}$  should be replaced by  $\exp( )$  where the expression in the parenthesis is complicated. Radical signs should also be replaced by fractional exponents as far as practicable.
- Clear distinction between upper and lower case letters, between 'oh' and 'zero', between 'el' and 'one', between 'kay' and 'kappa', 'bhee' and 'nu' etc. should be made.
- Authors are requested not to underline subheadings and mathematical symbols, as they will be automatically set in accordance with the style of the journal.
- **Diagrams** should be submitted as original line drawings on white drawing papers or tracing papers. Each diagram should be made on a separate sheet and numbered consecutively. **Lettering** and **data points** should be large enough so that when reduced to fit on the journal page they can be read with ease. **Legends** to diagrams should be typed on a separate sheet and attached at the end of the manuscript.

- **Tables** should be numbered consecutively, typed carefully on separate sheets in exact format desired and attached at the end of the manuscript. Table headings should be short but clearly descriptive.
- **References** should be listed in alphabetical order of surnames, at the end of the manuscript, as in the examples below:
  1. Cronin, J., Bifurcation of periodic solutions. *J. Math. Anal. Appl.* 68 (1979), 130-151
  2. Lee E. B. and Markus, L. Optimal control for nonlinear processes, *Arch. Rat. Mach. Anal* 8 (1961), 36-58.
  3. Timoshenko S. and Goodier, J. N. *Theory of Elasticity*, McGraw-Hill Book Co., New York, 1970.
- **References** should be cited in the text by the serial number from the above list placed between square brackets as [1], [2], etc.
- **Galley proofs** may be sent to the author, if necessary. In that case they should be returned within 48 hours of receipt with correction marks. No new material may be inserted in the text at the time of proof reading.
- **More information can be found from** <http://bdmathsociety.org/>

## **JOURNAL OF THE BANGLADESH MATHEMATICAL SOCIETY**

**Vol. 31**

**2011**

### **C O N T E N T S**

SUBRATA MAJUMDAR, KALYAN KUMAR DEY and MOHD. ALTAB HOSSAIN	Direct Product and Wreath Product of Transformation Semigroups	1-7
SUBRATA MAJUMDAR and NASIMA AKHTER	Computation of Homology and Cohomology Groups of a Metacyclic Group and a Factor Group of the Heisenberg Group	9-22
ABU BAKER MOHAMMAD FARHAD and ABUL KALAM AZAD	Power Law Inflation with a Varying Constant of Gravitation and Brans-Dicke Cosmology	23-32
SHARMINA HUSSAIN	CFD Study of Mass Transfer in Spacer Filled Membrane Modul	33-41
M. O. GANI, M. M. HOSSAIN and L. S. ANDALLAH	A Finite Difference Scheme for a Fluid Dynamic Traffic Flow Model Appended with Two-point Boundary Condition	43-52
SUJOY CHAKRABORTY and AKHIL CHANDRA PAUL	Jordan $k$ -Derivations of Certain Nobusawa Gamma Rings	53-64
KALYAN KUMAR DEY and AKHIL CHANDRA PAUL	Semi Derivations of Prime Gamma Rings	65-70
SUBRATA MAJUMDAR MOHD. ALTAB HOSSAIN and KALYAN KUMAR DEY	The Endomorphism Semigroup of an Endomapping of a Finite Set	71-77
J.D. YADAV and Y.S. PAWAR	TL-Ideals of TL-Subnear-Rings	79-93
JAHANARA BEGUM and A.S.A. NOOR	Around a Central Element of a Nearlattice	95-104
SHAPLA SHIRIN and GOUTAM SAHA	Graphical Representations of Membership Functions of Maximum and Minimum of two Fuzzy Numbers using Computer Program	105-115
