

GANIT  
JOURNAL OF  
BANGLADESH MATHEMATICAL SOCIETY

---

Vol. 35

2015

---

**Executive Editor**  
Munibur Rahman Chowdhury

**Associate Editor**  
Md. Shafiqul Islam

**EDITORIAL BOARD**

Md. Ainul Islam	Sajeda Banu
M. Anwar Hossain	Quamrul Islam
Akhil Chandra Paul	Md. Abdul Hakim Khan
Md. Shahidul Islam	Laek Sazzad Andallah
Md. Showkat Ali	

**Editorial Office**

A F Mujibur Rahman Ganit Bhaban  
University of Dhaka  
Dhaka-1000  
Bangladesh

One Volume of **GANIT** *Journal of Bangladesh Mathematical Society* is published every year by  
**BANGLADESH MATHEMATICAL SOCIETY**

---

The copyright of **GANIT** *Journal of Bangladesh Mathematical Society* is reserved by

**Bangladesh Mathematical Society** (web: <http://bdmathsociety.org/>)

## ACKNOWLEDGEMENT

A generous contribution of the Ministry of Science and Information and  
Communication Technology  
Government of the People's Republic of Bangladesh  
towards the publication of  
**GANIT Journal of Bangladesh Mathematical Society**  
is gratefully acknowledged

- Publication Date (Volume 35) December 2015
- Price per volume including surface postage

Institution	:	Inland Tk.	400.00	Foreign	US \$ 50.00
Individuals	:	Inland Tk.	200.00	Foreign	US \$ 30.00
- Payment must accompany orders. Please add US \$ 10.00 for air mail delivery to Burma, India, Nepal, Pakistan and Srilanka, and US \$ 20.00 for air mail delivery to other parts of the world.
- **Address for all orders and enquiries**

Secretary, Bangladesh Mathematical Society,  
A F Mujibur Rahman Ganit Bhaban  
University of Dhaka  
Dhaka-1000, Bangladesh.
- **Computer typesetting and printing**

BCS Printing  
Rafin Plaza (2<sup>nd</sup> Floor)  
3/B Mirpur Road, Dhaka-1205  
Phone: 01710880728  
Email: mamunmiah1977@yahoo.com

## AUTHOR GUIDELINES

- **GANIT** *Journal of Bangladesh Mathematical Society* features selected contributions of pure and applied mathematics. The emphasis will be on the original research papers, but from time to time GANIT will publish expository papers or survey articles. All contributions are to be rigorous in nature and mathematical in treatment and should be written in English.
- **Manuscripts** should be submitted in a soft-copy in MS-WORD in single space via email: ganit.bms@gmail.com to the Associate Editor.
  - All submissions to GANIT must be original, unpublished previously, and not submitted elsewhere and not under consideration for publication elsewhere.
  - Authors must ensure that contents of any submission are not held by the copyright of any other publication.
  - It is assumed that the submission is approved by all authors and the concerned authorities where the work was carried out.
  - It is the author's responsibility that any submission does not contain libelous or unlawful statements or in any way infringe the rights of others.
  - Copyrights for articles published in GANIT are retained by the authors, with first publication rights granted to GANIT as the work simultaneously licensed under a Creative Commons Attribution License that allows others to share the work with an acknowledgment of the work's authorship and initial publication in this journal.
- Authors are encouraged to provide a list of at least 3 (three) reviewers along with reviewer's Name, affiliation, email address.
- **Manuscripts** should be typed double spaced on one side of 8.5" × 11" inch or A4 size with one inch margin all around.
- All pages of the manuscript should be numbered. Page 1 should contain the article title, author and co-author names and affiliation(s). Any footnotes to the author(s) are to be placed at the bottom of page 1; page 2 should have a proposed running head (in abbreviated form of the title) of less than 40 characters.
- An **abstract** summarizing the main points of the article should be written on page 3 of the manuscript in font size 9. The abstract should not exceed 250 words.
- **Mathematical expressions** should be avoided in the title and abstract as far as practicable.
- References should be avoided in abstract.
- Footnotes in the text should be avoided. If they are essential, they should be numbered consecutively by superscript and placed at the end of the paper, before the list of references.

- All mathematical expressions should be typewritten, if possible. Equations should be numbered serially or section-wise and indicated in the right margin.
- Use of **Greek letters** as superscripts and subscripts should be avoided. Levels of subscripts and superscripts should be clearly maintained.
- Complicated fractions in the text should be written using solidus (/) or negative exponents.
- $e^{( )}$  should be replaced by  $\exp( )$  where the expression in the parenthesis is complicated. Radical signs should also be replaced by fractional exponents as far as practicable.
- Clear distinction between upper and lower case letters, between ‘oh’ and ‘zero’, between ‘el’ and ‘one’, between ‘kay’ and ‘kappa’, ‘bhee’ and ‘nu’ etc. should be made.
- Authors are requested not to underline subheadings and mathematical symbols, as they will be automatically set in accordance with the style of the journal.
- **Diagrams** should be submitted as original line drawings on white drawing papers or tracing papers. Each diagram should be made on a separate sheet and numbered consecutively. **Lettering** and **data points** should be large enough so that when reduced to fit on the journal page they can be read with ease. **Legends** to diagrams should be typed on a separate sheet and attached at the end of the manuscript.
- **Tables** should be numbered consecutively, typed carefully on separate sheets in exact format desired and attached at the end of the manuscript. Table headings should be short but clearly descriptive.
- **References** should be listed in alphabetical order of surnames, at the end of the manuscript, as in the examples below:
  - [1] Cronin, J., Bifurcation of periodic solutions. *J. Math. Anal. Appl.* 68 (1979), 130-151
  - [2] Lee, E. B. and Markus, L. Optimal control for nonlinear processes, *Arch. Rat. Mach. Anal* 8 (1961), 36-58.
  - [3] Timoshenko, S. and Goodier, J. N. *Theory of Elasticity*, McGraw-Hill Book Co., New York, 1970.
- **References** should be cited in the text by the serial number from the above list placed between square brackets as [1], [2], etc.
- **Galley proofs** may be sent to the author, if necessary. In that case they should be returned within 48 hours of receipt with correction marks. No new material may be inserted in the text at the time of proof reading.
- **More information can be found from** <http://bdmathsociety.org/>

## JOURNAL OF BANGLADESH MATHEMATICAL SOCIETY

---

Vol. 35

2015

---

### CONTENTS

SUBRATA MAJUMDAR AND KALYAN KUMAR DEY	Three Distinct Non-hereditary Radicals Which Coincide with the Classical Radical for Rings with D.C.C.	1-5
FARZANA HUSSAIN	A Transformed Coordinate Model to Predict Tide and Surge Along the Head Bay of Bengal- Application to Cyclone of 1991 and 1970	7-25
M. H. RASHID AND A. SARDER	Convergence of the Newton-Type Method for Generalized Equations	27-40
H. K. DAS AND M. BABUL HASAN	An Algorithmic Technique for Solving Non- Linear Programming and Quadratic Programming Problems	41-55
MD. TAJUL ISLAM	Compressibility Effects in 2D Wall Heating Microchannel Flow	57-71
AKHIL CHANDRA PAUL AND SUJOY CHAKRABORTY	Generalized Derivations Acting as Homomorphisms and Anti-Homomorphisms on Lie Ideals of Prime Rings	73-77
SHOHEL AHMED AND MD. SHOWKAT ALI	Numerical Relativity: Solving Geodesics Equation For Massive Particle Around Black Holes Horizon using Mathematica	79-85
TAPOSH KUMAR DAS	An Evaluation of an Improper Integral Arises from an Analytic Solution of a Model Boltzmann Equation for Photon Transport	87-95
HUMAIRA FARZA AND MD. SHAFIQUL ISLAM	Computation of Some Second Order Sturm- Liouville BVPs using Chebyshev-Legendre Collocation Method	97-114
MD. TAJUL ISLAM	Slip Velocity Distribution in a Parallel Plate Channel on Asymmetric Thermal Boundary Condition	115-128

GOUTAM KUMAR SAHA AND SHAPLA SHIRIN	Fuzzy Version of Secant Method to Solve Fuzzy Non-linear Equations	129-136
MD. ABDUS SALAM, MD. OBAYEDULLAH AND MD. SHAJIB ALI	Exact Traveling Wave Solutions of Modified Liouville Equation	137-145
A.A.K. MAJUMDAR	<b>Survey Article</b> The Tower OF Hanoi Problem and Its Variants	147-165
